Vplus Creative Industries

Government pilot subsidy scheme available for part-time students
Over 200 programmes at QF level 3 to 4 are included

Background

- In the 2017 Policy Address, the Chief Executive addressed that Hong Kong should place more emphasis on the promotion of design and creativity both within and outside our education system. The nurturing of creativity and design thinking should begin at an early stage and design thinking should become a problem-solving capability and a new way of thinking that promotes value-adding and advocates inter-disciplinary collaboration.
- Creative industries are important economic drivers for Hong Kong. They help to enhance the innovation capacity of the economy and can be a powerhouse for future economic growth. Hong Kong has developed a leading-edge in key areas of creative industries like film, design, architecture, advertising, digital entertainment and publishing and printing, etc.
- The growth of creative industries requires a pool of creative talents which will form the backbone of Hong Kong's creative economy. These industries need talents with competence and skills in their area of expertise as well as the latest know-how of technology. Creative industries are dynamic, competitive and with a wide application of technology. These industries require an agile workforce who is provided with support for continuous learning and upskilling.
- To encourage working adults to pursue higher qualifications for career advancement, and to promote vocational and professional education and training (VPET) in Hong Kong, Vocational Training Council (VTC) has obtained funding from HKSAR to support the **Vplus Creative Industries Subsidy Scheme**. This scheme provides practitioners in the creative industries with tuition fee subsidy for successful application of their study of the designated part-time programmes offered by VTC.
- Under **Vplus Creative Industries**, programmes eligible for the tuition fee subsidy are part-time self-financed programmes in the disciplines of Design and Information Technology. These programmes are accredited at Qualification Framework (QF) Level 3 to Level 4 by the Hong Kong Council of Accreditation of Academic and Vocational Qualifications (HKCAAVQ), excluding Associate Degree and Bachelor's Degree programme, under the following areas of study and training classified by Qualifications Register (QF):

A01	Architecture and Town Planning
A02	Arts, Design and Performing Arts
A04	Computer Science and Information Technology
A10	Public Relations

Successful applicants will be refunded 60% of the tuition fee paid, subject to a maximum of HK\$36,000 per person. Applicants may apply for fee refund for more than one eligible programmes. This pilot scheme covers 3 cohorts from AY2019/20 to AY2021/22, and is effective from 1 September 2019.

Quick Look

Subsidy Amount?

Successful applicants can be reimbursed 60% of the tuition fees paid for the programme, maximum HK\$36,000 per person. Applicants may apply for reimbursement for **more than one eligible programmes**.

Application Method

Applicants are required to submit Vplus applications **based on the programme applied and selected schedule of tuition fee payment**, by each Professional Diploma, Professional Certificate or Module Certificate*. The Online application form, copy of HKID Card and bank account information should be submitted **within 30 days from the programme commencement date**. Application result will be announced normally 2 months after the respective application deadline (i.e. 3 months after the programme commencement).

Can students apply for Vplus Creative Industries and other subsidies (e.g. CEF, ENLS, etc) for the same programme?

No. Applicants cannot apply for or receive any other form of government subsidy or financial assistance, or subsidy from the employer.

Office Hours

Mon & Wed 9:00am – 1:00pm & 2:00pm – 6:00pm
Tue, Thu, Fri 9:00am – 1:00pm & 2:00pm – 8:00pm (Lunch Hour, 1:00pm – 2:00pm)
Sat 10:00am – 1:00pm | Sun and Public Holiday Closed

What's the eligibility for application?

Holder of Hong Kong Permanent Resident Identity Card.

What programmes are available for Vplus Creative Industries?

Specialised part-time Creative Industries, Design and Information Technology programmes offered by VTC.

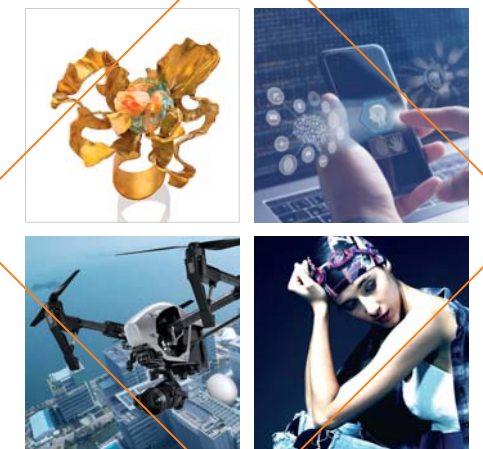

When can students get the reimbursement?

Successful applicants will be reimbursed upon successful completion of the programme. The reimbursement amount will be calculated based on the actual tuition fee paid for the modules. It will be granted on a first-come-first-served basis.

Reimbursement will normally be made by direct credit to the bank account nominated by the successful applicant, in April, August and October.

Reimbursement Requirements

1. Students must meet the **minimum 70% of attendance**; and
2. Students must **obtain the passing grade** which is 40 out of 100.

*Example: for a Professional Diploma composed of 10 modules in total, applicants who choose to apply and pay tuition fees by modules are required to submit Vplus online applications for the 10 modules individually. So on and so forth.
