PEEC Furniture Design graduates won RIBA's furniture design competition!

There were over 40 participants in the Hong Kong Celebrate! Project 2015 - Furniture Design Competition, organized by Royal Institute of British Architects (RIBA). There were 4 finalists: 2 were architects while the other 2, Vicky Poon and Salim Rumjhn were PEEC graduates of "Professional Certificate in Innovative Furniture Design" (Intake 4, 2015). Vicky has also won the People's Choice Award.

Mr Eric Tong was one of the judges and at the same time was the lecturer of PEEC's Furniture Design programme. "I am so very delighted that Vicky and Salim went so far with what they learnt and produced for the PEEC Innovative Furniture Design programme. To be shortlisted as two out of the four finalists out of so many professional entrants is something special, but to do it with relatively little training and experience was something spectacular! Vicky's rigour during her time at the course was evident and winning the 'People's Choice' gave her the absolute vote of confidence. I am proud of them both!" said Eric.
